EXECUTIVE SUMMARY

The meeting minutes cover Introduction, EU referral procedures for safety reasons: urgent EU procedures, EU referral procedures for safety reasons: other EU referral procedures, Signals assessment and prioritisation2, Risk management plans (RMPs), Periodic safety update reports (PSURs), Post-authorisation safety studies (PASS), Renewals of the marketing authorisation, conditional renewal and annual reassessments.

KEY MEETING TOPICS

1. Introduction

Welcome and declarations of interest of members, alternates and experts The Chairperson opened the 07-10 April 2026 meeting by welcoming all participants. In accordance with the Agency’s policy on handling of declarations of interests of scientific Committees’ members and experts, based on the declarations of interest submitted by the Committee members, alternates and experts and on the topics in the agenda of the meeting, the Committee Secretariat announced the restricted involvement of some Committee members, alternates and experts for concerned agenda topics. Participants were asked to declare any changes, omissions or errors to their declared interests concerning the matters for discussion.

Source pages: 10–10

2. EU referral procedures for safety reasons: urgent EU procedures

Welcome and declarations of interest of members, alternates and experts The Chairperson opened the 07-10 April 2026 meeting by welcoming all participants. In accordance with the Agency’s policy on handling of declarations of interests of scientific Committees’ members and experts, based on the declarations of interest submitted by the Committee members, alternates and experts and on the topics in the agenda of the meeting, the Committee Secretariat announced the restricted involvement of some

Committee members, alternates and experts for concerned agenda topics. Participants were asked to declare any changes, omissions or errors to their declared interests concerning the matters for discussion.

Source pages: 10–10

3. EU referral procedures for safety reasons: other EU referral procedures

EU referral procedures for safety reasons: other EU referral procedures 3.1. Signals assessment and prioritisation2 For further details, see also the adopted PRAC recommendations on signals under the corresponding month. New signals detected from EU spontaneous reporting systems and/or other sources 4.1.1.

Source pages: 11–11

4. Signals assessment and prioritisation2

EU referral procedures for safety reasons: other EU referral procedures 3.1. Signals assessment and prioritisation2 For further details, see also the adopted PRAC recommendations on signals under the corresponding month. New signals detected from EU spontaneous reporting systems and/or other sources 4.1.1.

Source pages: 11–14

5. Risk management plans (RMPs)

EMA/PRAC/117688/2026 database, as well as a discussion on possible biological plausibility and mechanism of this association. The MAHs should also discuss the need for any potential amendment to the PI and/or the RMP, as warranted. PRAC will assess these cumulative reviews within the respective PSUR procedures.

Source pages: 15–18

6. Periodic safety update reports (PSURs)

EMA/PRAC/117688/2026 (H5N1) (live attenuated, nasal). PRAC is responsible for providing advice to CHMP on the necessary updates to the RMP to support this procedure. Summary of advice • The RMP for Pandemic influenza vaccine H5N1 Astrazeneca (pandemic influenza vaccine (H5N1) (live attenuated, nasal)) in the context of the variation procedure under evaluation by CHMP could be considered acceptable provided that an update to RMP version 2.2 is submitted.

Source pages: 19–27

7. Post-authorisation safety studies (PASS)

Post-authorisation safety studies (PASS) 7.1. Protocols of PASS imposed in the marketing authorisation(s)17 See Annex 17.1 7.2. Protocols of PASS non-imposed in the marketing authorisation(s)18 See also Annex 17.2 7.2.1.

Source pages: 28–30

8. Renewals of the marketing authorisation, conditional renewal and annual reassessments

EMA/PRAC/117688/2026 The timetable of this procedure was extended. The PRAC outcome is expected to be adopted at the PRAC June 2026 plenary. Renewals of the marketing authorisation, conditional renewal and annual reassessments 8.1.

Source pages: 31–31

9. Product related pharmacovigilance inspections

EMA/PRAC/117688/2026 The timetable of this procedure was extended. The PRAC outcome is expected to be adopted at the PRAC June 2026 plenary. Renewals of the marketing authorisation, conditional renewal and annual reassessments 8.1.

Source pages: 31–31

10. Other safety issues for discussion requested by the Member

EMA/PRAC/117688/2026 The timetable of this procedure was extended. The PRAC outcome is expected to be adopted at the PRAC June 2026 plenary. Renewals of the marketing authorisation, conditional renewal and annual reassessments 8.1.

Source pages: 31–31

11. Scientific advice procedures

EMA/PRAC/117688/2026 SE/H/xxxx/WS/1162, FR/H/xxxx/WS/627, DK/H/xxxx/WS/495) to update the product information of anti-t lymphocyte immunoglobulin for human use, rabbit-containing medicinal products, regarding thrombotic microangiopathy (TMA), at request of Spain. The MAH has submitted several variations grouping Member States based on the approved indications, in order to update the product information of anti-t lymphocyte immunoglobulin for human use, rabbit-containing medicinal products, regarding thrombotic microangiopathy (TMA). Spain requested PRAC advice on these procedures.

Source pages: 32–32

12. Organisational, regulatory and methodological matters

EMA/PRAC/117688/2026 SE/H/xxxx/WS/1162, FR/H/xxxx/WS/627, DK/H/xxxx/WS/495) to update the product information of anti-t lymphocyte immunoglobulin for human use, rabbit-containing medicinal products, regarding thrombotic microangiopathy (TMA), at request of Spain. The MAH has submitted several variations grouping Member States based on the approved indications, in order to update the product information of anti-t lymphocyte immunoglobulin for human use, rabbit-containing medicinal products, regarding thrombotic microangiopathy (TMA). Spain requested PRAC advice on these procedures.

Source pages: 32–35

13. Any other business

Renewals, conditional renewals, annual reassessments None 12.18. Public participation in pharmacovigilance None 12.18.2. Impact of pharmacovigilance activities 12.20.1.

Source pages: 36–36

14. Annex I – Signals assessment and prioritisation21

Annex I – Signals assessment and prioritisation21 As per the agreed criteria for new signal(s), PRAC adopted without further plenary discussion the recommendation of the Rapporteur to request MAH(s) to submit a cumulative review following standard timetables22. New signals detected from EU spontaneous reporting systems and/or other sources None 14.2. Signals follow-up and prioritisation None 14.3.

Source pages: 37–37

15. Annex I – Risk management plans

Annex I – Signals assessment and prioritisation21 As per the agreed criteria for new signal(s), PRAC adopted without further plenary discussion the recommendation of the Rapporteur to request MAH(s) to submit a cumulative review following standard timetables22. New signals detected from EU spontaneous reporting systems and/or other sources None 14.2. Signals follow-up and prioritisation None 14.3.

Source pages: 37–47

16. Annex I - Periodic safety update reports (PSURs)

The Package Leaflet is updated in accordance. The RMP version 11.1 has also been submitted. Annex I - Periodic safety update reports (PSURs) Based on the assessment of the following PSURs, PRAC concluded that the benefit-risk balance of the medicine(s) mentioned below remains favourable in the approved indication(s) and adopted a recommendation to maintain the current terms of the marketing authorisation(s) together with the assessment report.

Source pages: 48–55

17. Annex I – Post-authorisation safety studies (PASS)

EMA/PRAC/117688/2026 recommendation in EU PSUR 23 for the Tysabri (EMEA/H/C/PSUSA/00002127/202408). The RMP version 34.1 has been submitted; the due date for the provision of the final CSR for category 3 PASS study 101MS412 is also being revised. Annex I – Post-authorisation safety studies (PASS) Based on the assessment of the following PASS protocol(s), result(s), interim result(s) or feasibility study(ies), and following endorsement of the comments received, PRAC adopted the conclusion of the Rapporteurs on their assessment for the medicines listed below without further plenary discussion.

Source pages: 56–59

18. Annex I – Renewals of the marketing authorisation, conditional renewals and annual reassessments

Ongoing Scientific Advice Information related to this section cannot be released at the present time as it is deemed to contain commercially confidential information. Final Scientific Advice (Reports and Scientific Advice letters) Information related to this section cannot be released at the present time as it is deemed to contain commercially confidential information. As per the agreed criteria, the procedures were finalised at the PRAC level without further plenary discussion.

Source pages: 60–61

19. Annex II – List of participants including any restrictions with respect to involvement of members/alternates/experts following evaluation of declared interests for the 07-10 April 2026 PRAC meeting, which was

Annex II – List of participants including any restrictions with respect to involvement of members/alternates/experts following evaluation of declared interests for the 07-10 April 2026 PRAC meeting, which was held remotely. EMA/PRAC/117688/2026 Name Role Member state or affiliation Outcome restriction following evaluation of DoI Topics for which restriction apply Kimmo Jaakkola Alternate Finland No interests declared Tiphaine Vaillant Member France No interests declared Zoubida Amimour Alternate France No participation in discussion, final deliberations and voting on: 4.2.1. Axicabtagene ciloleucel – YESCARTA (CAP) - EMEA/H/C/002 695/SDA/019; lisocabtagene maraleucel – BREYANZI (CAP) - EMEA/H/C/002 695/SDA/025 15.3.10.
